## Lions recycle phones, cartridges

FROSTBURG — The Frostburg Lions Club recycles old cell phones, copier toner and computer ink cartridges from all over Allegany County.

The Frostburg group has partnered with the Hotel Gunter and the Frostburg branch of First United Bank, according to Lions president Bill Munck.

Cell phones and used cartridges can be dropped off at either location, where they will be picked up by Lions for sorting, packing and shipment to recycling centers in California, Connecticut and Florida. Large lots can be picked up by Lions.

The Lions goal for recycling cell phones for the month of May is 1,000. The same goal has been set for computer ink cartridges.

For more information, contact the Frostburg Lions Club at 301-687-0212.
