6:30pm
- >September 15- Board Meeting, Fidelity Branch Brank;  
6:30pm
- >September 22- Regular Meeting; Acropolis Resturant;  
6:30pm

First program for the fall is presented by Leonard Schwab on the Sight First program. Leonard has spent a great deal of time with this program at the District and State level. This is a great time to make plans to attend the first fall dinner meeting. Let's get the season off to a great start!

The Board of Directors will be considering a proposal to sell the Lions Building. If you have any comments regarding the building, get them to a Board member before the September 15th meeting.

At the last meeting, members agreed to increase the cost of the dinner meeting from \$8.00 to \$9.00. This will allow the menu during the dinner meetings to be expanded in the variety of offerings.

While the weather may suggest its summer, we have now started one of the busiest times for club activities. Support for any of the projects is essential to their success. Plan to be part of a successful project by supporting with your effort.

Edge Deuel has some brooms left if any one needs them.
